will conduct the services. He is now in a fine meeting at Tyler, Texas, T. J. Swaney, of Clinton, is here teaching us how to sing. He has a large class. He occupied the pulpit here Saturday morning and Bro. Stricker at night. These young brethren are full of promise. Mrs. Ruth Stubbs, died on the 6th inst., after many months suffering. She was longing to depart and be at rest. A more devoted Christian I have never known. Mrs. F. M. Lowther and Mrs. Dr. Guyton are both very low.

July 13.

Prof. L. M. Stone, of the Shuqualak Female College, who has been studying the interest of the poor girls of the country, is now maturing a plan by which 2000-30,000 of them may in the near future receive the benefits of instruction at his valuable college at the least possible cost of living. In the next issue the full details of this new scheme will be given. We, in advance, look for this enterprising educator of our girls a cordial cooperation.

A note from our Senior brings an encouraging word for the friends of this college. There is no telling just what an intelligent and faithful man can find in the way of friends to good institutions when he takes himself in wholesome earnestness to looking for them. If any one in Mississippi is well known or in doubt about the success of the endeavor, let that one be not our Senior. Success in the prospect is exceedingly encouraging.

It is a matter of great importance for our own future comfort and consolation, that we learn to appreciate our obligations to the loved and useful on our campus, whilst they are still with us, and that we, before it is too late, and in a proper manner, manifest our appreciation of what they are to us. As they may descend into the valley of the shadow of death, we shall have to do without them. The only way to secure their services is to pay them. As they are now, they are not ours. As they are now, they are not ours. As they are now, they are not ours.

These two studies in the paper of the 10th inst. are "The Baptists of the South" and "The Baptists of the North." The first is a study of the Baptists of the South, and the second is a study of the Baptists of the North. The first is a study of the Baptists of the South, and the second is a study of the Baptists of the North. The first is a study of the Baptists of the South, and the second is a study of the Baptists of the North.

We are glad to add to our list of our labor, to labor with all the other brethren of the South. But this must be done in a proper manner, and in a proper manner. We are glad to add to our list of our labor, to labor with all the other brethren of the South. But this must be done in a proper manner, and in a proper manner.

The whole community of Shuqualak has been thrown over its head by the death of one of its bright and accomplished young ladies, Miss May Nethery, gently breathed her last on the evening of the 2nd inst. at her father's, Mr. G. W. Nethery, during a lingering illness of 30 days, during which time she was closely watched by her fond parents and many friends, with the aid of the best medical skill in the country. All that human skill and parental devotion could do availed not, for the Father of spirits had decreed that she must go.

May was in her 19th year, she professed faith in Jesus and was baptized in her 15th year, and all these years of young life she bore herself like a true and brave little Christian. She graduated from Shuqualak Female College in 1887, and the following session remained in connection with the college pursuing further the study of Music and Art. Thus, she was a pupil for eight years. As a student, she was diligent, and as a young woman, she was modest, yet ambitious to do well what she undertook.

Last fall she entered the L. T. & C. at Columbus, where she remained as student in special studies until the last of May, when she came home sick, hoping to return in a few days to the commencement in which she was to take a conspicuous part, but her sickness assumed the form of a violent type of typhoid fever, which baffled human skill and power. How sad to see a noble young Christian lady, accomplished and ready for life's duties, the cherished hope of loving parents and affectionate friends, stricken down thus at the very threshold of a beautiful womanhood. But God's ways are not our ways. The earth-home has a dark vacancy in it, the heaven-home has a bright, lovely spirit in it, rejoicing in the fullness of the Redeemer's love.

May the Lord comfort this sorely bereft home, and by and by may all meet to part no more.

Change of Schedule.

West Point, Miss., July 13th.

East bound train arrives at 3:30 p. m.

M. V. NORTSINGER.

From Louisiana.

Acadia, La., July 13, 1889.

DEAR BRO. NETHERY: In my letter from Louisiana last week, there are evidences of the fact that the proof- reader was not in. (Homer's mistakes notwithstanding.)

So far as I have heard, and a good many have expressed themselves by letter and otherwise, all disapprove of Bro. Courtney's "Religious Herald letter," but good may come of it somehow. Brethren are speaking out freely and we will at least show the world that we are walking in the same straight and narrow way.

Louisiana Baptists have been noted for adherence to scriptural "facts." It is refreshing to call to mind such names as Paxton, Rutherford, Hartwell, Harris, Prescott, and a host of others who have passed away, as well as multitudes of the living who have never been in any "narrow" of sectarian bigotry, casting a ban of shadow over the state, unless to be a Scriptural Baptist puts one into such narrow, then as brother Merrill says "we are free to-day."

There are thousands of Baptists in Louisiana, who do not believe in alien immersions, pulpitation or union meetings.

We will be quiet and hope for good.

We unite with her sorrowing sisters in bidding the dear one a tearful though hopeful farewell.

A woman loved her family home. Her home is with the Saints now. We rest that she is free.

FLORENCE.

Mary Belle, daughter of J. H. and O. M. Unger, was born Oct. 3, 1881, and died on June 16, 1889. She was therefore, 7 years, 8 months and thirteen days old. By faith in Christ she was saved. "Thy will be done." May the consolation of the gospel and the comforts of the Spirit be theirs.

T. J. BAILEY.

Goodman, Miss.

At her home in Copiah County, June, the 25th, 1889. Mrs. Martha Jane Dulaney daughter of John S. and Elizabeth Roach. She was born in Fayette, Co. Tenn. Sept. 29th 1857 and was married to Alphons Dulaney, June the 12th, 1885.

Two children were born to this union, who with their father survive her departure. Tenderly, patiently, lovingly, did the loved ones watch at the bedside of the sufferer, but the time came when the sufferer must rest and the vigils of loved ones must cease.

In early life she obtained a hope of salvation through the atoning blood of Christ, and was baptized into the fellowship of County Lane church. On this hope she rested, and though there were times when she could not feel as submissive as she desired, yet she found His grace sufficient, and as she drew near the shores of the eternal world she realized how firm was the Christian's hope and in her last hours expressed herself in joyful exclamations as ready and willing to go. "Blessed are the dead which die in the Lord."

Gillman, Miss.

Blessed are the Righteous Dead.

Whereas our heavenly father has seen fit in his inscrutable providence to remove from our midst by the hand of death our dear brother deacon L. S. Wright, a highly esteemed and well beloved member. With we adopt the following resolution.

1. That we bow in humble submission to this sad bereavement of his providence who doth all things well.

2. That the death of Bro. Wright, the church has sustained a great loss.

3. That we will strive scrupulously to imitate his virtues that we may like him, die the death of the righteous.

4. That we deeply sympathize with the surviving family and friends in their bereavement and commend them to the higher sympathy of him who stoiceth closer than a brother.

5. That these resolutions be spread upon our church record and a copy be sent to the Southern Baptist Record and also to the Alabama Baptist for publication also a copy to the family.

Done by Prairie Baptist church at Bienville, Miss., in called conference.
